With F.M.L.

What must have been the tip of a tornado (or at least tornado-like wind) dipped down behind the W. C. Wallace residence on East Seventh St. about 1:30 a.m. Monday.

Things went "crack!" in the night. And one enormous pecan tree was large kindling and two other trees lost large-circumference limbs.

The big pecan stood beside the home of Judge Wallace's sister, living on East Sixth St. She was lucky the wind blew a few feet to the west and upward.

Little or no damage was reported

Cameron Men Killed In Traffic Mishaps

Two young Cameron men were killed in separate one-car accidents Saturday. They were Bobby D. Talafuse, 18, and Dwight Cavit, 22.

Talafuse, formerly of Cameron and a resident of Shreveport, La., was killed in an accident at Jacksonville on Highway 79.

A passenger in his car, Carolyn Walker, 19, was also killed in the accident. Her 14-month old baby was reported in good condition in a Jacksonville hospital.

Funeral service for Talafuse was held in Cameron Monday morning, with burial in Oak Hill Cemetery.

Cavit was killed in a one-car accident Saturday morning about two miles north of Rosebud on Highway 77. The accident was investigated by the Falls County highway patrol.

News Briefs

Sr. Lunch Cancelled

The Senior Citizens luncheon regularly scheduled for Tuesday, June 12, has been cancelled for this month. The next luncheon will be held July 10 at the center.

Firemen Answer Call

Volunteer firemen were called to a fire at the Orange Bowl on Highway 77 about 8 p.m. Monday. Cause of the fire was unknown and damage was not extensive. The owner, George Spoon, was taken to St. Edward Hospital and treated for smoke inhalation and released the next day.

Education Committee Sets Public Hearings

AUSTIN State Rep. Dan Kubiak of Rockdale, chairman of the House Committee on Education announced that, at the direction of Speaker Price Daniel, his committee will be activated in mid-June to hold public hearings and refine public school financing legislation considered by the House of Representatives during the 63rd regular session.

Kubiak said that the Committee on Education will meet at 10 a.m. Monday, June 18 on the House floor to begin its work. The Committee also will meet on June 19.

Kubiak said he anticipates that

Bank Celebrates 73rd Birthday

Goodhue W. Smith, president of The Citizens National Bank of Cameron has announced that the Board of Directors has authorized a month long celebration of the bank's 73rd birthday June 11 through July 10.

The celebration, he said, will include refreshments served daily in the bank's lobby. Balloons and treats for the children. Gifts will be given for new accounts and increased deposits.

He said the bank was organized in 1900 by Hilliard F. Smith and that all during its history the bank has had a member of the Smith family heading its senior management. The bank operates a trust department and makes school loans across the state.

elsewhere in the neighborhood, noted for its large pecans and oaks, or in town.

One limb fell atop a pickup truck parked beside the Wallace house, breaking part of a bench and a fence on the way down. Smaller limbs were strewn around the yard.

114-114-114

This is Folk Fete weekend, starting with the beauty contest Thursday night and continuing through Saturday night at National Guard Armory, including a downtown Saturday morning parade.

It should be a fun weekend.

114-114-114

For the first time, Folk Fete parade, which has had some fine float and marching units, will have an army band from Fort Hood, along with Yoe High band.

Efforts to broaden participation continue to give the Fete an authority as well as a flair. And an army band can do that. This is the 2nd Armored Division's "Hell on Wheels" band.

114-114-114

Congratulations to the Milam Sheriff's Department for getting a new state radio system and on Commissioner's Court going ahead with bid calls for dismantling the old factory-warehouse site for a new jail. Both steps will serve Milam well.

Library Sets New Programs For Summer

The Cameron Library board, meeting Monday night, voted to keep the library open during the noon hour starting June 11. Plans were also discussed for summer programs for young people, including the story hour with the date to be announced later.

The program will include six meetings for youth ages 7 - 12, and will feature two night meetings using a telescope.

The board also voted to start a shelf of paperback books. Anyone who wishes to donate suitable paperbacks may bring them by the library or place them in the night depository at the front of the library.

Starting June 20, there will be informal meetings on hobbies and crafts for ladies from 1:30 until 3 p.m. These meetings will be held twice a month.

a workable bill, very much like House Bill No. 946, designed to reform Texas' system of public school education and finance, will be ready for legislative consideration by the September 15 deadline set by the Speaker.

This is in case Governor Dolph Briscoe calls a special session in September or October, however, Briscoe has twice stated his opposition to a special session on school finance.

Daniel's refusal last week to break a 70-70 tie killed a compromise bill establishing a two-year study of ways to make the school finance system more equitable while pouring \$44 million in new state aid into local districts.

The hearings, Kubiak said, are designed to "let the governor and other people see how big the problem is...I don't think the governor knows how critical the problem is."

"When he learns, I think he would have a more open mind," Kubiak said.

Briscoe has called for a two-year study by the Texas Education Agency and the Legislative Property Tax Committee of both the school finance system and the entire public education system to provide him material for recommendations to the 1975 Legislature.

He opposed full-scale revision of the school finance system during the regular session because it probably would have required new state taxes and there was, in his view, insufficient information on taxable property values in local districts.

GERMAN FOLK DANCERS of Cameron will be performing several times during this weekend's Folk Fete inside the National Guard Armory. The group is the only original one formed for the first Folk Fete that is still performing together. It also performed at the Texas Folk Life Festival at San Antonio last year.

Council Eyes Funds, Ups Garbage Rates

The City Planning Commission has recommended to Cameron City council that a town meeting be held sometime soon so the public can voice ideas on how the city should spend its revenue sharing money.

A tentative date in July was set by councilmen at a regular meeting Tuesday evening.

The city will have \$39,890 in funds to spend. These funds are for the first six months of 1973 and the city must project how the funds will be spent.

Guidelines from the federal government ask that the funds be used in eight categories: public safety, environmental protection, public transportation, health, recreation, libraries, social services and financial administration.

Council approved raising residential garbage rates from \$2 a month to \$2.75 a month. Rates for businesses are also being adjusted upon recommendation of a council committee headed by Lincoln Mondrik. The new rates will go into effect with the July billing.

In other business, council heard from Rod Holcombe, Milam County Health Inspector, who outlined duties of the county health unit. The unit asked \$1440 from the city and this was approved.

Also appearing before the council was A. W. McCullin Sr. who reported

2 Join Staff In News, Production

Miss Kathryn Kahler, a junior at Newcomb College of Tulane University, and Mrs. Janet Craven, of Rockdale, joined the Herald staff.

Miss Kahler is working summer replacement in features and ad layout. She is an undergraduate member of Sigma Delta Chi, national journalism society, at Sophie Newcomb, associate editor of Tulane's "Hullabaloo", the Newcomb Senate and the Assets, a freshman Newcomb honorary.

Mrs. Craven is assisting in the composition department, succeeding Mrs. Elaine Bastow, who now heads production. Mrs. Craven has attended Temple Junior College.

City Readies For Folk Fete

Expecting a record crowd of 10,000 persons, Cameron's annual Folk Fete is scheduled to begin tonight with a beauty pageant at the Methodist Fellowship Hall.

Kicking off the community celebration will be coronation of a Folk Fete queen at 8 p.m. Thursday in the Methodist Fellowship Hall. Gail Ging of Rockdale, the 1972 queen, will crown the winner.

The celebration itself will get into full swing at 4 p.m. Friday at the National Guard Armory. Entertainment and live band music will be featured hourly and ethnic foods will be served outside the armory.

A dance will begin at 8:30 p.m. with the Vrazel Polka Band of Cameron providing music.

Saturday's activities begin with a downtown parade at 10 a.m. which will include a color guard from Fort Hood. State Rep. Dan Kubiak of Rockdale and Jim Ham, news director of KCEN-TV, Temple-Waco, will be honorary parade marshals.

Also scheduled Saturday are a fiddlers contest and domino tournament.

Arts and crafts will be displayed on the armory grounds Friday and Saturday.

Admission to the armory will be \$1.50 for adults, \$1 for teen-agers and 75 cents for children age 12 and under.

A dance at 8:30 p.m. Saturday will climax Folk Fete. The Blue Vest Polka Band of Caldwell will provide music.

Entertainers on the Folk Fete schedule include organist Max McClaren, vocalist Mrs. Tommy Corley, the Cameon German Folk Dancers, Hoedown and Calico Square Dancers, Taylor Czech Chorus, Yoe High School Band, Der Sauerkrauts, African Folk Dancers, accordionist Ed Kadlecek, Czech Beseda Dancers and Incredible Soul Group.

Starting Friday, entertainment will include Rusty and the Circle 4 to play between each act which will include Max McClaren at 4 p.m.; Mrs. Tommy Corley at 5; Cameron German Folk Dancers at 6; Hoedown and Calico Square Dancers at 7; Taylor Czech Chorus at 8 p.m. and a dance starting at 8:30.

Saturday's entertainment starts at 11 a.m. after the parade with the Yoe High Band playing, followed by Der Sour Krauts of Humble at 12 noon. The African folk dancers of Temple will perform at 12:30 and Ed Kadlecek will play at 1 p.m.

The fiddlers contest will start at 1:30 p.m. followed by Cameron German Folk Dancers and then a domino tournament which starts at

2:30 p.m. The Czech Beseda Dancers, state champs from Seaton, will perform at 3 p.m.

At 4 p.m., there will be folk songs and dances by Cameron Czech and Negro children and at 5 p.m. more folk songs and dances by German and Mexican children. The German Folk Dancers will perform again at 6 p.m., followed by the Incredible Soul Group. At 8 p.m., the Folk Fete Producers Comedy Team, Sapp and Woodum, will give a special performance to round out the day's activities.

Downtown Fete Parade To Start Events Saturday

Local and out of town floats are expected to present bright spots in the Folk Fete parade set for Saturday morning at 10 a.m. in downtown Cameron.

Dana Kestenbaum, parade committee chairman, said two trophies will be awarded -- one in the visitors division and another in the local float division.

There will be three bands in the parade including the Fort Hood Army Band, Cameon Junior High School band and Yoe High band.

Honorary parade marshals will be Dan Kubiak, State Representative for District 36 and Jim Ham, KCEN-TV news director.

The parade has five out of town floats scheduled to appear, plus local floats, antique cars, decorated cars, walking units, horses, etc.

The parade route will start at Main and Crockett, travel east on Main, turn left on Fannin, left at First St., right on Houston, left on Second St., left on Travis, right on Second St. and down to College for presentation of trophies.

TWISTER HITS - A tornado apparently dipped down in the W. C. Wallace back yard at 707 E. 7th St. early Monday morning severing the main trunk of a large pecan tree and twisting large limbs off of two other trees. A fence

lawn furniture and a truck were damaged. Some power lines were affected during the early morning storm, but no other tornado damage was reported in the area.

Folk, It's Fete Weekend...

Well, folk, it's Fete weekend.

Tripping over the pun, we welcome thousands of Milam and Cen-Texans to the fourth annual festival for people of diverse background.

Fun is in the foreground as bands, dance groups, entertainers, art and crafts, food and beverage, queen contest, parade with bands are scheduled.

Two days of activity are slated Friday and Saturday at National Guard Armory and grounds, where plenty of parking is available.

Recognition of the ethnic backgrounds of Milam's diversity in people is the first order of the Fete. And everything is scheduled at one location, except the Saturday parade downtown and the Thursday night beauty contest.

This should be the biggest

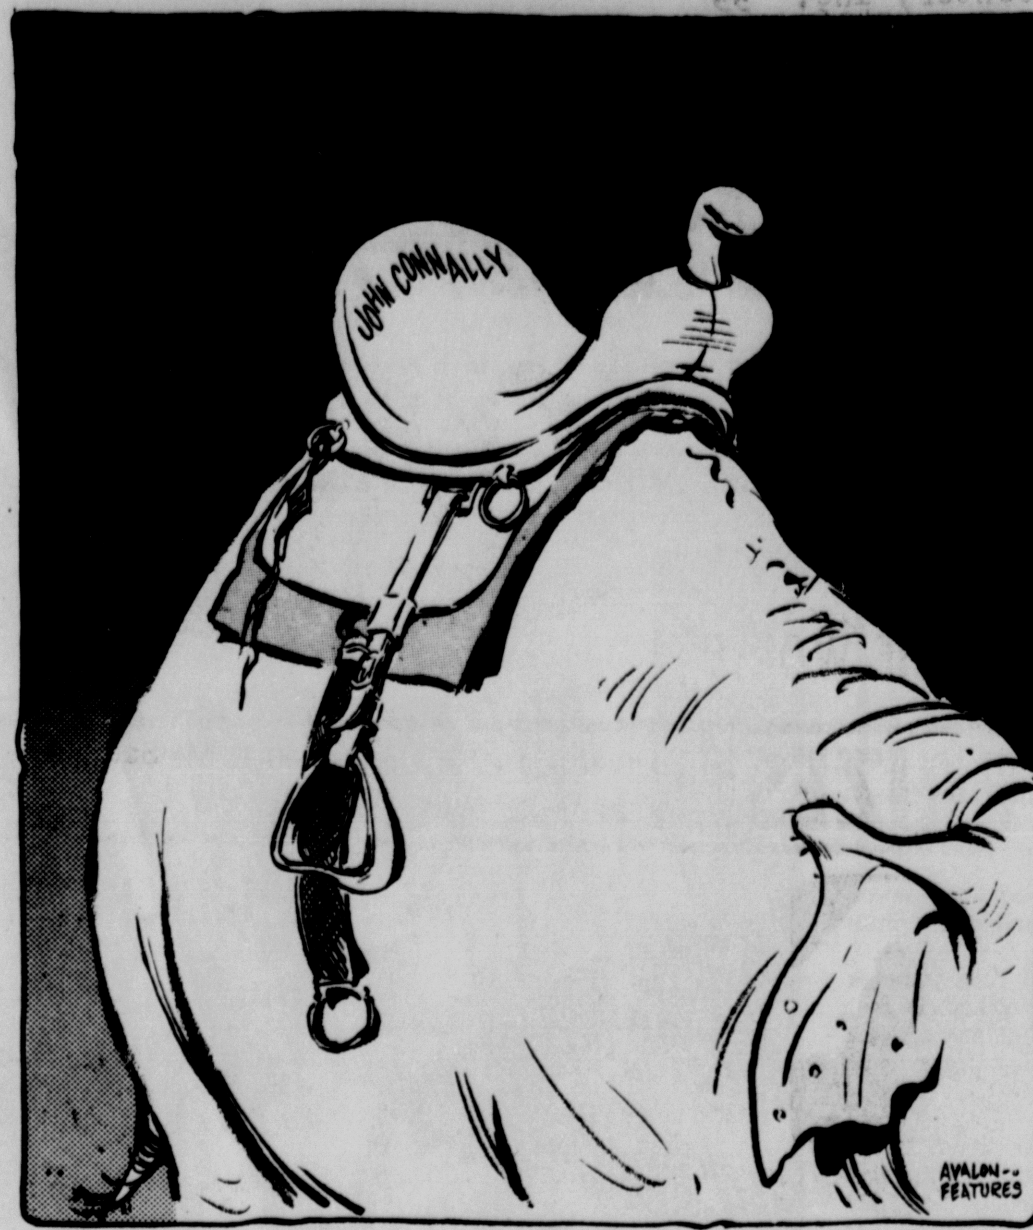

Folk Fete in Attendance, the natural result of co-ordination and experience in putting on a complex event like this.

Tables and chairs will be available both in and outside of the armory for evening dance activity and daytime shows of the numerous entertainers from places like Humble and New Braunfels and Caldwell.

The parade promises to be larger this year, according to organizers, and the armory events are continuous during open hours Friday and Saturday.

About 20 food and beverage booths will offer everything from corn on the cob to tamales in typifying the kinds of food of Milam ancestors.

It is a unique festival in Central Texas. And it is growing. And it is fun. And you should be there.

The Family Lawyer

Officer Harrison halted a speeding motorist and gave him a ticket. But he failed to notice that the man was intoxicated. Scarcely five minutes later, the same motorist drove his car through a red traffic light and knocked down a woman pedestrian.

Could the woman hold the city legally liable for the accident because of the officer's blunder? "The city is supposed to provide police protection," she argued in a court hearing. "That's what we pay taxes for. If the officer hadn't let that drunken driver get away, I would never have gotten hurt."

But the court disagreed, saying the law simply does not recognize this kind of a claim.

It is true that all members of the community are entitled to reasonable police protection. But this is a general, not a specific, right. It does not mean that each victim of a crime, if he can point to some police error, can collect damages from the city government.

The reasoning is mainly pragmatic. Courts fear that if such claims were allowed, the financial burden on cities would be staggering.

In one unusual case, the family of a suicide victim tried to blame the city because the police had missed a chance to prevent the tragedy. They said officers had come out to investigate a family quarrel, then left with things still unsettled.

But the city was exonerated. The court said even if the officers should have stayed longer, they still could not fairly have foreseen that the man would take his own life.

OLD PHILOSOPHER

Dear editor
A lot of people are asking, how do you tell who's lying and who's telling the truth in the Watergate hearings?

About 90 percent of the time I can't tell you, but occasionally you can figure out, or at least estimate, when two witnesses are telling the truth.

For example, one says the other is a liar, the other says the former is a liar. It's possible both are telling the truth on that point.

At any rate, the hearings are certainly teaching me some things I didn't know before.

For example, one Senator in raking a witness over the coals after he'd admitted he'd been caught inside the Democratic Headquarters at 2 o'clock in the morning with the burglar tools on him, said, "Look, here you are a man with two college degrees, didn't you have better sense than to pull a stunt like that?"

This puts an entirely new light on college degrees, one I'd never heard of before. I had always thought that a college degree was a report on how many courses you had passed, not how much sense you've got.

If colleges are paying any attention to the hearings they'll take immediate steps to stop the spread of the notion that a degree implies the holder is a sensible man. He can or he can't be, but the diploma is no index. That ain't what it's for, and it's wrong for the Watergate hearings to be giving out such a notion. While it looks like nearly everybody touched by Watergate has been damaged, it'd figured at least the colleges would escape.

Who knows, it may spread even to farming before it's over.

If I can remember when I was on the night of the burglary, I'm going to bet some friends to swear I was with them, makes no difference how many different places it comes to, Yours faithfully,
J.A.

Crime Grants Awarded

Recently the Central Texas Council of Governments was awarded a grant by the Texas Criminal Justice Council in the amount of \$4,450 for the purpose of conducting a 40-hour workshop on Organized Crime Control.

The workshop will be conducted during the week of June 17-22 at the Alcohol Safety Action Project Building Class - room, 302 East Central, Belton, and will be presented in cooperation with the International Association of Chiefs of Police, Gaithersburg, Maryland, who was selected to conduct the course.

Subjects presented will include prostitution, book-making, loan-sharking, credit card fraud, auto theft, narcotics, pandering, hijacking, cattle rustling, tax fraud and etc., and will be presented by experts in the field obtained from all over the United States.

Law enforcement officers, prosecutors, and judges within the seven county region will be invited to attend and an enrollment of 30 is anticipated.

Better News Climate...

Two out of three is good for better press coverage in Texas.

Bills for better open records and open meetings legislation in Texas are approved by both Texas House and Senate and signed by Gov. ernor Briscoe.

A third bill asking for privilege, "unqualified" by the House which approved it, and "qualified" by the Senate which didn't, failed to pass. But the press itself began to question the viability of proposed legislation and discouraged approval in either house.

The open records bill is

seen as the best law of its kind in the country, according to press spokesmen in Austin.

This major interest in a better climate for press coverage in Texas followed the Sharpstown experience and heightened with continued disclosures about Watergate.

Access to information which is public record is a key in every case where public interest is subject to question.

If the heat has been on the press during such major controversies and breaking stories, Texas has reduced the temperature for a better news climate.

"Low Down" FROM THE Congressional Record By JOE CRUMP

(A Column for Readers Who Haven't Time to
Review the Congressional Record Daily)

H.R.1197 BANS FOOD STAMPS TO STRIKERS

Rep. W. L. Dickinson (Ala.) "... I am not opposed to organized labor, but I think that giving food stamps to strikers is fundamentally wrong. When we take the taxpayers' dollar and use it to prefer one side over another... we are abandoning our principles of fair play and free enterprise. ... In my own district, I asked my constituents whether persons on strike should be eligible for food stamps or other public assistance. An overwhelming majority—83.2 percent—said "no." ...

Rep. L. Baker (Tenn.) "... Every food stamp dollar provided to strikers means there is one less for someone more genuinely in need. ...

Rep. G. V. Montgomery (Miss.) "... My basic thinking is that to allow strikers to receive food stamps has resulted in a gross inequity in our collective bargaining system. By allowing strikers to be eligible for food stamps the Federal Government in essence is subsidizing strikes. ...

Rep. D. Kuykendall (Tenn.) "... It has always been my feeling that welfare assistance should be limited to those persons who are unable to find employment. It makes no sense to take our tax dollars to subsidize voluntary unemployment. ...

Rep. R. H. Michel (Ill.) "... The strike is a significant and necessary economic tool for U.S. labor, and has been used respon-

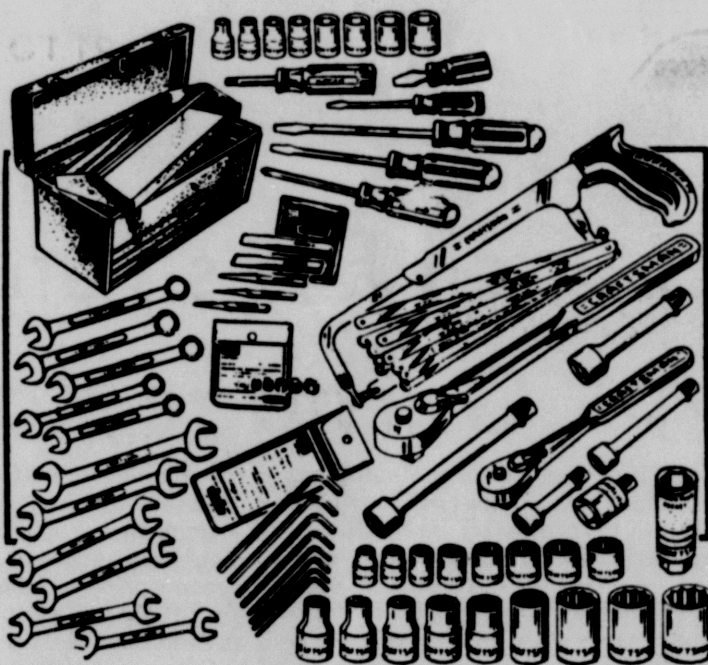

sibly and well to improve the economic conditions of countless millions of workers in this country. But this is not at issue. ... The issue is whether or not it is appropriate for the Federal Government to provide an indirect subsidy which has the effect of prolonging such work stoppages and weighting the balance of the collective bargaining system on the side of labor. ...

CRUMP'S GRASS ROOTS COMMENT

The merits of food stamps to strikers aside—those on fixed incomes take a dim view of paying taxes to provide food stamps to those striking to secure a cost-of-living increase.

Presently, cosponsors of the bill include: Beard (Tenn.); Buchanan (Ala.); Collins (Texas); Devine (Ohio); Fuqua (Fla.); Gooding (Pa.); Ashbrook (Ohio); B. Goldwater Jr. (Calif.); Vander Jagt (Mich.); Bob Wilson (Calif.) and 46 others.

4-H CLUB ACTIVITIES

By Rodney B. Kruse
4-H'ers from Milam County competed at the State 4-H contest June 5 and 6. Some 1,800 4-H boys and girls will compete in 33 different contests and demonstrations. The contest was held on the Texas A&M University campus at College Station.

First place senior division winners from the district contest advance to the state contest. Eight 4-H'ers from Milam County will participate at Roundup. They are Suzanne Sims and Tami Gray from Thorndale in an Electric Demonstration; Rebecca Riola, Jan Burke, Shirley June and Rosemary Ehler from Cameron in the Entomology Contest; Mary Lee

Graham from Thorndale in the Money Management Educational Activity and Lorna Biar from Thorndale in the Home Environment Educational Activity.

First place Junior winners at the District contest were: Food Show—Christopher Riola from Cameron winning a blue ribbon, John Caffey and Wynona Scroggins from Thorndale in the Beef Cattle Junior Symposium, Daniel McDaniel and Gerald Cobb from Cameron in the Farm and Pond Management.

Twenty-six 4-H adult leaders will be recognized at the 1973 State Roundup on June 6. Two leaders from each of the 13 4-H districts in Texas will receive a special plaque. Mrs. Hugo Hollas, from Cameron and Lloyd E. Lamere, Minerva were recognized from District 10. These two Milam 4-H leaders received this award because of their outstanding leadership and support of the 4-H Clubs.

Brian Cobb participated in the Washington County Dairy Day in Brenham June 2. His Brown Swiss heifer, "Friendly", placed 2nd in her class and was in the blue ribbon group.

Brian is the son of Mr. and Mrs. Calvin Cobb of Cameron.

A NEW SPECIALIST

The Texas Agricultural Extension Service has appointed a resource development specialist in the field of commercial recreation. He is Michael E. Berger who will be located at Texas A&M University. Berger will be responsible for developing educational programs in recreation throughout Texas.

DISTRICT WINNERS - From left, Rebecca Riola, Jan Burke, Shirley June and Rosemary Ehler of the Cameron

4-H Club won a first place in the Entomology Contest held recently at College Station. They competed in the state contest this week.

New Disease Can Upset Resistant Grain Sorghum

Breeding disease resistance into a hybrid grain sorghum is one thing. Keeping that resistance effective is something else.

The trouble is, says J. Roy Quinby of Pioneer Hi-Bred Seed Company in Plainview, when resistance is genetically installed in a hybrid, a new disease sometimes comes along that is resistant to the resistance.

Quinby, a former member of the Texas Agricultural Experiment Station and a leader in hybrid grain sorghum development, discussed the predicament Tuesday (May 29) during the last week of a three-week lecture series.

His talks, largely of a technical nature, describe how hybrid sorghums have become one of the most important crops in the United States in less than 20 years.

The Texas Agricultural Experiment Station and Pioneer Hi-Bred Seed Company have sponsored the series. Quinby said two diseases that have troubled hybrid sorghums in recent years are downy mildew and an ailment known as MDM. Two insects -- the greenbug and midge -- have also shown up in commercially-established sorghums.

He said plant geneticists with the Experiment Station and seed companies are already trying to meet the threats with new, resistant sorghum varieties.

As for the diseases, tropical-type sorghums have resistant traits that offer possibilities. They grow in wet, mucky conditions and are bothered very little by diseases.

If such hardiness can be transferred to temperate zone sorghums, such as those grown in Texas, perhaps the new diseases can be held off -- at least for a while, Quinby said.

The speaker pointed out that sorghum varieties in the world number at least 12,000 and have been assembled into a massive collection. About 75 percent of these are tropical types with built-in disease resistance.

He said the tropical conversion program has proceeded to the point that some of the varieties converted to temperate zone adaption have been distributed to plant breeders. Studies on disease and insect resistance are underway.

Lumber Sizes Fall Into 3 Categories

Lumber is classified by size into three groupings:

- 1) Boards are less than two inches thick and one or more inches wide; if less than six inches wide, they're called strips.
- 2) Dimension ranges from two to less than five inches thick, and is used as joists, planks, rafters, studs and other framing.
- 3) Timbers are five or more inches thick, and include beams, stringers, posts, caps, sills and girders.

FB Plans Dedication In Waco

Several state and national agricultural and governmental leaders will participate in activities connected with dedication of the Texas Farm Bureau's new headquarters building here June 12.

TFB President J. T. (Red) Woodson announced that William J. Kuhfuss, president of the 2.2-million-member American Farm Bureau Federation will be main speaker at a county FB president's conference here June 12.

Other dignitaries already accepting invitations to participate in dedication activities include Agriculture Secretary Earl L. Butz, Governor Dolph Briscoe, Congressman W. R. (Bob) Poage, and Texas Agriculture Commissioner John C. White.

Governor Briscoe will be main speaker at dedication ceremonies at 1:30 p.m. June 13. He will be introduced by Commissioner Whitworth, chairman of the U. S. House Agriculture Committee, will welcome the assemblage to Central Texas. Open house for the public will be held until 6 that afternoon.

Butz will speak that evening at a huge barbecue dinner climaxed by the day's activities in the Waco Convention Center.

Use Yard For Outdoor Gameroom

For outdoor fun this summer, consider the yard as an extension of your indoor living space. With this in mind you may decide to plan an outdoor gameroom, notes Everett Janne, landscape horticulturist for the Texas Agricultural Extension Service.

Keeping in mind the family's recreational interests, the Texas A&M University specialist offers these suggestions for planning your outdoor gameroom. Plan the play area for flexibility. Children do grow and their interests change. For example, a recessed sand box can be remodeled into a reflecting pool. A paved area for bicycles, skates and sidewalk games can later become a shuffleboard court.

Locate the play area for the little folks near the house with all the various elements close together for easy maintenance. A four-foot hedge surrounding the play area can be attractive and provides limited screening and acts as a sound barrier.

Set some space aside for sports activities for the older children and adults. This area should be fairly large and somewhat removed from the rest of the outdoor living room.

Use one of the coarser grasses designed for heavy traffic to provide a good turf for lawn games, Badminton, volleyball, croquet and other similar sports can utilize the same space.

With a little bit of planning and not too much effort, your outdoor gameroom will bring summer-long pleasure for the whole family, believes Janne.

Aid Sources Many On Yard Projects

Outdoor projects come in all sizes and purposes. From simple sun deck to complete outdoor room remodeling for family fun and entertaining.

Just as the projects are simple or complex, so does the skill of the homeowner vary. Assistance is available from lumber dealer, contractor and landscape architect, and there's help offered by manufacturers.

For a color booklet showing how decks and fences create an outdoor room, and a listing of other booklets and plans, send 15 cents in coin to Western Wood Products Assn., Dept. 547-PLP, Yeon Bldg., Portland, Or. 97204.

Brightly painted lattice can spruce up a porch or entry wall.

A Weekly Report Of Agri-Business News
Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Texas Number One But Barely... Wheat Harvest Begins... Milk Production Up and Down... A Fourth More Citrus.

Texas continues to be the number one cattle feeding state in the nation, but Iowa is rapidly closing the gap. As of May 1, there were 2,163,000 head of cattle and calves on feed in Texas. Iowa had 2,003,000 head of cattle and calves on feed.

Nationwide, there were 9,391,000 head on feed in the seven major cattle feeding states. This is a decrease of three per cent from a month ago, but still six per cent above those of a year ago.

The number on feed in Texas is 17 per cent above a year ago, but four per cent below the number on feed a month ago.

Marketings of fat cattle during April totaled 353,000 head which is one per cent below marketings for March.

WHEAT harvest is now underway in Texas with a projected yield of 26 bushels per acre, a record high. Economists are predicting that wheat prices should remain at profitable levels.

The Texas' 1973 wheat production is estimated by the Texas Crop and Livestock Reporting Service at 83,000,000 bushels. This would be almost double the production of last year.

Planted acres, estimated at 4,400,000, compared with 4,050,000 a year ago. Acres for harvest as grain are estimated at 3,200,000-60 per cent more than the 2,000,000 acres harvested last year.

Meanwhile, oats have also been making excellent progress. Grain crop prospects are excellent and harvest is underway in southern areas.

Texas farmers are catching up rapidly with planting plans. Cotton still lags behind schedule but with dry weather producers can and will speed up in their plantings of the crop.

Range conditions are described as good to excellent throughout the state with only a few exceptions. As of May 1, range and non-irrigated pasture conditions averaged 88 per cent; this is five percentage points above April 1 and 26 points better than a year ago.

PRODUCTION of milk in Texas shows only a one per cent variation. Production during April totaled 307,000,000 pounds. This is one per cent above April of 1972 but one per cent below the previous month's production.

Milk production per cow averaged 855 pounds, which is 55 pounds under the nationwide average. Nationwide, milk production is estimated to be 1.4 per cent less than April a year ago. Production during the first four months of this year is almost two per cent less than last year.

Problems plaguing producers are noted in a special report citing that even though milk prices are 53 cents more than last year the ration value increased 83 cents.

A FOURTH more citrus production for Texas is now indicated. As of May 1, the Texas citrus crop is forecast at 18,900,000 boxes, which is 26 per cent above last year.

Grapefruit production is now expected to total 11,500,000 boxes, up 25 per cent from last year.

Most citrus trees had a good bloom for the 1973-74 crop with some fruit already starting to size.

COUNTY AGENT'S NOTES

Pesticide Safety Program Set

By Bill McCutchen

A program to remind farmers of the need to use chemical pesticides safely is now underway in Texas and 13 other Southern states. The program, known as "Project Safeguard," is designed to emphasize the safe use of chemical insecticides being used as substitutes for DDT, and of other less persistent but generally more toxic insecticides.

DDT is no longer registered by the state and Federal regulatory agencies for agricultural use in Texas. Insecticides used as substitutes for DDT are less persistent but generally more toxic and may represent a greater hazard to persons handling, mixing, applying or otherwise exposed to the chemicals.

"Project Safeguard" activities in Milam County will include special emphasis on insecticide selection and safe use as a part of meetings and other educational activities relating to the use of insecticides. Additional activities will include the use of posters and special publications describing the use of insecticides.

All pesticide users are reminded to exercise care to avoid accidental poisoning. An important step to minimize exposure to the chemicals. Here are some safe use tips:

1. Always observe recommended protective measures specifically mentioned on the label.
2. Cover up before exposure, not after.
3. Use clean clothing daily and bathe (shower) at the first opportunity following pesticide use.
4. A wide brimmed hat, preferably waterproof, offers protection from downward drift for face and neck areas. Contaminated hat-

bands can present a problem; thus, use an inexpensive hat that can be discarded after minimal use or one with a replaceable band.

5. Wear unlined, natural rubber, gauntlet gloves for best protection. Prevent contamination of the inside of the gloves.

6. Along-sleeved, light-colored, washable cloth jacket, preferably water proof is desirable.

7. If exposure to the lower trunk and legs is anticipated (mixing, loading, etc.) a water proof apron is essential.

8. Use water proof shoes or boots. Leather shoes become contaminated and crack after a few wettings and thus are penetrated easily. Canvas shoes also become wet and are a constant source of exposure.

9. Shield the eyes to avoid contamination, particularly if splashing may occur (mixing, loading, etc.). Goggles or a face shield will offer protection.

Oral and respiratory exposure must also be prevented. Always wash hands and face thoroughly before eating or drinking following pesticide use. Do not expose lunch, lunch container, beverage or drinking vessel to pesticides. Use a respirator if called for on the label of the product being used. Handle respirators in accordance with manufacturers directions.

Project Safeguard is a cooperative activity sponsored jointly by the Texas Agricultural Extension Service, the U. S. Environmental Protection Agency and the U. S. Department of Agriculture.

Cutting back on the size of a room addition can be self-defeating. The cost per square foot goes up as the room size is reduced.

Sleeping Pill Under Heavy Fire

LONDON
Reuter - Growing concern here over abuse of a popular sleeping pill, said to double as an aphrodisiac, has brought pressure for stronger government controls.
The pill's main constituent, methaqualone, is already under heavy fire in the United States, where it is known as "heroin for lovers."
A recent session of the U. S. Senate juvenile delin-

quency sub-committee was told the drug was widely in fashion among youngsters who believed it heightened their sexual prowess.
But the senators also heard that abuse of the drug could cause serious side-effects, addiction and even death. And medical testimony indicated that while methaqualone increased the desire for sex, it in fact lowered sexual performance.
The U. S. government is being recommended to im-

pose stricter controls on exports, imports and distribution in an effort to take the drug off the streets.
In Britain, reaction has been less dramatic -- which is ironic, since it is thought that American tourists first learned of methaqualone here when they were introduced to "mandrax" tablets.
"Mandrax" is a comparatively mild pill containing methaqualone and an anti-histamine, Diphenhydramine. It is made by a subsidiary of the big French

pharmaceutical group, Roussel.
It's been on the market for eight years as a gentle sleep-inducer, with the big attraction that it is a safer alternative to barbiturates.
Because of the abuse problem, the company has not actively promoted the pill for the past two years. Nevertheless it is still enormously popular -- about two million Mandrax are swallowed here every week. How many reach the illicit drug scene is anybody's guess.

in an effort to curb the risk of theft from pharmacists and of overdoses, Roussel recently withdrew their 100-pill packs of "Mandrax." They withdrew a 1,000 - pill pack last year.
At the same time, the Department of Health and the Home Office (interior ministry) are pressing for the urgent reclassification of the drug to subject it to the same controls as morphine and opium.
A Roussel spokesman said he would welcome stricter controls by the government. But he warned that fashions are fickle in the illicit drug scene, and such controls could lead abusers to

turn to something else perhaps more dangerous.
Wood-Frame House Tradition In U. S.
A survey of 800 home-buying families showed most potential buyers don't ask questions about the framing, because wood framing has been the basic structural system since this country was founded.
Wood framing's strength has been tested by hurricanes and earthquakes, and as a natural insulator wood is rated six times as effective as brick, 15 times over concrete, 1,000 times more than aluminum.

Cameron, Texas, Herald, June 7, 1973 Page 5
Wooldridge To Head TPL
Charles W. Wooldridge of Dallas was named chairman of the board of Texas Power & Light Company at a board meeting in Dallas.
Wooldridge, formerly executive vice - president of TP&L, succeeds T. L. Austin, Jr., president of Texas Utilities Company. The executive vice - president's post was not filled.
Wooldridge is a former president and board chairman of the Cotton Bowl Athletic Association, and last year was appointed to the Trinity River Authority board of directors by former Governor Preston Smith. Wooldridge also is a past district governor of Rotary International and a past president of the Dallas Rotary Club.
He is a graduate engineer and former member of the board of regents of Texas Tech University. He has been with TP&L for 41 years and served in numerous capacities within the Company.

Acteens Set Story Hour

The Acteens of Trinity Baptist Church are sponsoring a recreation and story hour for children ages 3-8 on Wednesday afternoon at 2:30 p.m. during the summer. The program will be held at Trinity Baptist Church on West 12th St.

Ceremony Unites Perkins-Phillips

Miss Margaret Ann Perkins and Andrew Bass Phillips exchanged wedding vows Saturday evening at the First United Methodist Church. Mr. and Mrs. Stewart James Perkins are the parents of the bride. Parents of the bridegroom are Mr. and Mrs. Robert James Phillips.

Rev. Alvis Coleman officiated the double ring ceremony. Music was provided by Mrs. Hilliard Thomas, organist and Mrs. Tommy Corley, soloist.

Given in marriage by her father, the bride wore a gown of white tulle enhanced by luxurious lace with seed pearls, and was fashioned with high neck, and bishop sleeves. The full skirt had a lace edged ruffle that swept into a circular chapel-length train. The bride wore a waist-length mantilla veil.

The brides bouquet was a cascade of white phalaenopsis orchids, baby's breath and stephanotis. The bride carried a white satin Bible which belonged to her great-grandmother.

Miss Carolyn Perkins, sister of the bride, served as maid of honor. Bridesmaids were Miss Beverly Brashear of Beaumont, cousin of the bride, Miss Marion Thomas of Cameron, Miss Mary Cary of Laredo, Miss Julie Schwethelm of Comfort and Mrs. Dennis Crouch of Cameron, cousin of the bride. Bridesmaids carried Colonial bouquets of mixed spring flowers.

Miss Kellye Murdock of Pearland, flower girl, carried a spring bouquet.

The Candlelighters were Jimmy Bailey of Cameron and Tom Woldert of Tyler.

Serving the bridegroom as best man was the groom's father, Mr. Robert Phillips. Groomsmen were Jim Phillips, brother of the groom of Tyler, Dexter Hadjison of Tyler, Jack King of Tyler, Walter Poppe of Kerrville and Greg Guinn of Tyler.

Miss Barbara Marburger registered guests at the reception which was held in the church fellowship hall. Members of the houseparty were: Leslie Perkins, Laura Perkins, and Nancy Perkins, sisters of the bride, Becky and Elizabeth Hood of Richardson, and Martha Stanford

of Beaumont, all cousins of the bride.

The bride is a 1971 graduate of Cameron Yoe High School and attended Schreiner Junior College in Kerrville and Southwest Texas State University in San Marcos.

The groom is a 1971 graduate of Robert E. Lee High in Tyler and a graduate of Schreiner Junior College.

After a wedding trip to the Netherlands, Antilles-Aruba and New York, they will make their home in Nacogdoches and will attend school at Stephen F. Austin.

The bridegroom's parents were hosts for the rehearsal dinner Friday night at the Cameron Country Club.

Attendants were presented gifts by the bridal couple.

MRS. ANDREW BASS PHILLIPS

Marek-Zelisko Repeat Vows

Miss Jeanie Elizabeth Marek became the bride of Jerry Lee Zelisko Saturday, May 26, in a double ring ceremony at St. Monica's Catholic Church, Cameron. Parents of the couple are Mr. and Mrs. August Marek and Mrs. Betty Zelisko. Grandparents of the bride are Mr. and Mrs. Joe J. Marek and Mrs. Kate Beaty. Mrs. Vera Kennon of Cameron is the bridegroom's grandmother.

Officiating at the ceremony was The Rev. John Geiser. Organist was Ladis Marek, Jr.

The bride wore an empire style gown of white peau de soie featuring a high collar and hand-clipped Chantilly lace. The lace enhanced the bodice and hem of the floor-length skirt. Lace appliques also trimmed cuffs of the bishop sleeves.

A peau de soie bow held a floor length veil of illusion which was accented with matching lace. Her flowers were white carnations centered with an orchid.

Miss Linda Marek was her sister's maid of honor. Bridal attendants were Mrs. Orville Lamaak of Waco, sister of the bride, and Mrs. Kenneth Marek.

Jack Lockhart of Belton was best man. Groomsmen were James Zelisko, brother of the bridegroom, and Richard Kudlacek.

Ushers were Joe Brady and Kenneth Arnold, Johnny Marek, brother of the bride, was altar boy.

A reception was held at Simon George Hall. Members of the houseparty were Mrs. Gary Talafuse, Mrs. Floyd Stark and Mrs. Lillie Brasier.

A rehearsal dinner was held Thursday evening hosted by the bridegroom's

mother. The bride is a 1971 graduate of Buckholts High School and a 1973 graduate of King's Daughters School of

Vocational Nursing. The bridegroom is a 1970 graduate of Buckholts High School and is stationed with the U. S. Army at Ft. Hood,

MRS. JERRY LEE ZELISKO

Artists Create Fete Souvenirs

A maximum of ingenuity liberally spiced with artistic talents and energy on the part of two Cameron teachers has proved a winning recipe for creating Folk Fete '73 souvenirs.

Folk Fete puppets in ethnic dress, hand painted

clothes hangers and miniature wall and table-top paintings are among the creations of Mrs. Kenneth Thweatt and Mrs. Charles Chandler who will have a booth in the arts and crafts section at Folk Fete this weekend.

Working in a converted garage the two local artists started preparing for Folk Fete in February. All of the work was done in "after school" hours with plenty of suggestions from family members who take as much pride in the results as the originators.

And those results provide not only decorative keep-

sakes for Folk Fete visitors, but preserve some Cameron history. Antique store displays have taken on new life as frames for miniature paintings and almost forgotten wooden clothes hangers now shine with bright colors and handpainted designs.

The hand-crafted puppets, sure to be a major attraction at Folk Fete, represent each ethnic group featured in Cameron's annual Folk Fete celebration. Each puppet has been dressed with an eye for detail that provides an accurate reproduction of national dance costumes.

FOLK FETE souvenirs line walls and tables in the converted workshop of Cameron artists-craftsmen Mrs. Kenneth Thweatt and Mrs. Charles Chandler as they put finishing touches on ethnic puppets that will be sold during Folk Fete '73 this weekend.

Luncheon Fetes Bride

Miss Margaret Ann Perkins was honored with a bridesmaids' luncheon at 12 noon Saturday in the home of Mrs. R. J. Woodum, Mrs. Jimmy Woodum was co-hostess.

The table was decorated with arrangements of multi-colored spring flowers.

Special guests were Mrs. Robert James Phillips, mother of the groom and Mrs. Stewart James Perkins, mother of the bride. Other guests included: Carolyn Perkins, Marion Thomas, Julie Schwethelm, Mary Cary, Beverly Brashear and Mrs. Dennis Crouch.

Births

To Mr. and Mrs. Earnest Taylor of Cameron, a boy, Earnest Taylor Jr., 6 pounds 7 ounces, born 9:25 a.m. May 31 at St. Edward Hospital. Grandparents are Mrs. Birdie Watson and Mrs. Dorothy Taylor, both of Cameron.

COG Grant For Crime Workshop

AUSTIN

Governor Dolph Briscoe today awarded three crime control grants to agencies in the area served by Central Texas Council of Governments, Belton. Total was \$41,219.

The money will come from the Criminal Justice Council, which administers the state's block grant from the Law Enforcement Assistance Administration under the Omnibus Crime Control Act.

Bell County was awarded \$21,000 for planning improvements to the county jail. The county proposes to hire an architect and consultants to plan a major expansion and renovation project. Grantee will contribute a \$4,862 cash match to the project.

Coryell County was awarded \$15,769 for a similar project. Involved will be a county corrections study and jail program planning, plus detailed architectural drawings for renovating the county jail. Cash match of \$4,231 is specified.

A \$4,450 award to Central Texas Council of Governments, Belton, will be used to conduct an organized crime control seminar to train 30 law enforcement officers and prosecutors of the region. Date of the workshop has not been announced.

Counties served by the Central Texas COG are Bell, Coryell, Hamilton, Lampasas, Milam, Mills and San Saba.

The Central Texas applications were among 41 considered by the CJC Executive Committee May 11, for funding of \$2,114,016.

CAMP INSURANCE and Real Estate

... serves the entire Milam County area with professional insurance service. Let Rod Prinz or Jim Camp assist you in purchasing your car, home or business insurance.

The Consumer Alert

by John L. Hill
Attorney General

One of the accomplishments about which our State Legislature could boast at the end of its 1973 session was the passage of a Protection Act.

The Attorney General's staff is pretty proud of that achievement, too, because we worked side by side with the Texas Consumer Association and the Texas Retail Federation for four long months to help the sponsors pass that bill.

I believe that the consumer law my office had to enforce before that bill became effective May 21 (when Governor Dolph Briscoe signed it into law), was woefully inadequate. Felt that the State was giving only lip service to consumer protection until a firm law, with penalties strong enough for a violator to feel, was substituted for the old law.

Now, people are asking me, "How does the new law help the consumer?"

Well, we take the position—which is reflected in this law—that everybody is a consumer. Businesses are consumers, and the sales and service contracts they make should be as free of fraud as the consumer agreements you and I make.

The new law gives extra help to any consumer who complains of a fraud or misrepresentation which occurred after May 20, because:

1) It expands and clarifies the "dirty laundry list" of deceptive practices punishable by law.

2) It authorizes the trial court to order restitution to the consumer for the money he lost.

3) It allows the State to obtain penalties when a court orders an injunction against anyone found violating the consumer law, instead of laying possibility of penalties until an injunction has been violated. Obviously, that will be an added deterrent to abuse.

4) It gives the consumer not only the legal right, but the incentive, to file an individual suit, since he now will have an opportunity to recover triple damages, as well as court costs and attorney's fees, if he wins his case.

5) It gives a group of consumers who claim injury by a single deceptive practice the right to file a class action suit—if each has suffered damages amounting to \$10 or more. And if they win, they can recover actual damages, plus court costs and attorney's fees.

6) It encourages the establishment of consumer protection offices by individual cities.

And 7) it gives the consumer more close-to-home help, because he can turn to his county or district attorney, who now have enforcement jurisdiction concurrent with the Attorney General's Consumer Protection Division.

Over \$8 Million for UNICEF

Ten-year-old Theresa Navarro hands a check for \$8,050,000, payable to the United Nations Children's Fund, to UN Secretary-General Kurt Waldheim. Theresa and her fellow students at New York's P.S. 173, Raphael Strauss (left) and Wendy Brunsey, joined millions of U.S. youngsters in the annual Trick or Treat collection for UNICEF last Halloween. Other contributions and income from the 1972 sale of greeting cards by thousands of volunteers brought the total raised by the U.S. Committee for UNICEF over the past 20 years to more than \$83 million.

Credit Billing Errors Can Bring Headaches

COLLEGE STATION

With so many people using credit today, the possibility of billing errors increases greatly.

"When an error occurs, a consumer may have difficulty locating the cause of error and the right person to correct it," says Mrs. Doris Myers, home management specialist with the Texas Agricultural Extension Service, Texas A&M University.

Should an error occur, the specialist offered the following steps to correct it.

1. Notify the store immediately, informing them of the error.

2. Obtain the name of the person contacted, making a note of it and date contacted. This information is helpful in case of necessary future contacts.

3. If contact is made in writing, don't send it with the bill — and don't write on the bill itself. Keep a copy of any letters sent for future reference.

4. Send a registered letter to the credit manager or company president if you experience difficulty obtaining adjustments on legitimate complaints.

In the letter, explain complaint in complete detail and give facts in a courteous manner. Also request that the post office furnish the signature of the person receiving the letter.

5. If still unable to settle a complaint, write the local Credit Bureau and Better Business Bureau. Provide details and copies of bills, receipts, cancelled checks or other evidence that prove your point. Also send a carbon copy of this contact to the merchant involved.

"Usually with accurate records and a business-like manner, consumers can correct billing errors," the specialist continued.

"Legitimate businesses are anxious to retain the consumer's good will — and

keep him as a customer."

Mrs. Myers also listed several things consumers can do to help prevent billing errors in the first place.

—Use a credit card when charging merchandise.

—Examine sales slips to insure all spaces are correctly filled in and no unnecessary marks included.

—Before signing a bill, make sure the total is correct and in the right place.

—Save duplicate sales slips and check bills against them.

—Know when billing dates are and make or mail payments in time to arrive before deadlines.

—Return the correct portion of a bill with remittance.

—Check bills for errors as soon as they're received.

New Alcoa Personnel Manager

Harry W. Brooks, safety consultant at Alcoa's Suriname facility will transfer to Rockdale August 1 to become personnel manager.

Brooks has been coordinating the safety program in Suriname for the last year. He is assigned to the Alcoa subsidiary, Suriname Aluminum Company (Suralco).

The graduate of Lincoln Memorial University joined Alcoa at its Tennessee Operations in 1941 in a production capacity. He transferred to the personnel group in 1945 and progressed through various assignments until being promoted to personnel manager in 1964. He became manager of safety health and environmental control at Tennessee in July 1971 and transferred to Suriname a year later.

Santa Fe Reports Earnings

Santa Fe Industries had a record 1972 and is on its way toward new records in 1973. John S. Reed, chairman, told stockholders at the annual meeting held in Chicago today. "According to present forecasts, we will substantially exceed \$1 billion in revenues," Reed stated.

Revenues have increased in each of the five years since formation of Santa Fe Industries, and except for 1970, income before extraordinary items has also exceeded the previous year. Reed said that this encouraging trend has continued in 1973 with attainment of a new high in net income of \$27.3 million for first four months compared with \$23.7 million in 1972, an increase of 15%, while earning per share rose to \$1.07 from 95 cents.

In 1972 the transportation group, comprised of railway, truck, pipeline and air freight operations, account for 90% of revenues and 67% of income before Federal Income Tax. During the first four months of 1973, railway operating revenues increased \$35 million reflecting increases of 9% in carloadings and 12% in revenue ton-miles.

"Due to circumstances beyond our control..."

Texas Power & Light Company has a long, solid history of providing its customers with reliable electric power at the lowest price consistent with good service. The Company wants electricity to always be one of the biggest bargains in your budget.

However, there are circumstances beyond our control which indicate future electric rate increases are inevitable.

Higher Cost of Fuels The diminishing supply of natural gas and fuel oil has pushed the prices of these generating plant fuels to new highs and is significantly increasing the cost of producing electricity. TP&L's fuel bill was over \$40 million last year, 30% higher than in 1971, and it's expected to be even higher in 1973.

Higher Cost of Construction Because of today's energy crisis, new generating

plants must be built to operate with other fuels, such as lignite and nuclear materials. These plants are much more costly to build than gas-fueled ones, but to assure you an ample supply of electric power in the future, construction of new facilities is essential — and must be done even though TP&L faces additional rising costs for labor, materials and land.

Higher Cost of Financing The rising cost of money needed to finance new plants and other facilities has been increasing at a staggering rate.

All of these circumstances are beyond our control — and they make producing your electricity much costlier than ever before. However, TP&L will continue to use every practical method and every possible efficiency to keep the price of electricity low and still provide you with dependable electric service in the years ahead.

Obituaries

Lamb

John Thomas Lamb, formerly of Rockdale, was dead on arrival at a San Antonio hospital Friday afternoon after being involved in an accident while operating heavy equipment at a San Antonio construction site.

Funeral was at 2 p.m. Monday at Phillips and Luckey Funeral Home in Rockdale, the Rev. Bob Wimberly officiating. Burial was in IOOF Cemetery in Rockdale.

Mr. Lamb was a graduate of Rockdale High School in 1970. He had lived in Boerne for the past several months. He was married to Bonnie Dean Delm of Thorn-dale in 1971.

Surviving are his wife; his mother, Mrs. Ernestine Lamb of Rockdale; four brothers, Roy Lamb of Thorn-dale, James Lamb of Boerne, Steve Lamb of Malakoff and Donald Lamb of Rockdale; and three sisters, Mrs. Es-ter Temrose of West Ger-many, Mrs. Barbara Taylor of Houston and Mrs. Cora Gali of Oregon.

White

Monroe White, 67, of Sugar Land and formerly of Cam-eron, died in a Houston hos-pital Saturday afternoon after a short illness.

Funeral was at 3 p.m. Monday at Marek-Burns-Laywell Funeral Home, the Rev. Alvis Coleman officiat-ing. Burial was in Oak Hill Cemetery.

Mr. White was born in Cameron and was a re-tired employee of the Texas Department of Corrections.

Surviving are his wife, Mrs. White of Sugarland; a son, Monroe Machling White of Sugarland; two daughters, Mrs. Harold P. Hill and Mrs. Lane E. Stecher, both of Waco; three brothers, John White of San Diego, Calif., Sherman White of Knox City, Texas and Jack White of Munday, Texas; a sister, Mrs. Ronda Davis of Aber-nathy, Texas and six grand-children.

Palbearers were Robert Stecher, Paul Wayne Hill, Sam Lawhon, Tom Lawhon, Billy Gene Whitaker and Sam Cobb.

Talafuse

Bobby Dwight Talafuse, 18, of Shreveport, La., and formerly of Cameron, was killed in a one-car accident at Jacksonville at 9 p.m. Friday.

He was born in Rockdale December 31, 1954. He at-tended Yoe High School and was an honor graduate of Byrd High School at Shre-veport. He was working as a surveyor's helper at the time of his death.

Funeral service was held at 10 a.m. Monday at Marek-BURNS Laywell Funeral Home, the Rev. John Geiser officiating. Burial was in Oak Hill Cemetery.

Surviving are his father, William Talafuse of Shreve-port; his mother, Mrs. Eu-gene Vansa of Cameron; a brother, Gary Talafuse of Cameron; a brother, Gary Talafuse of Cameron; a sister, Brenda Vansa of Cam-eron; paternal grandfather, W. L. Talafuse of Cameron; and maternal grandparents, Mr. and Mrs. Otto Sommers of Cameron.

Riggs

Mrs. Lettye M. Riggs, 91, of Rockdale, died in her home Sunday morning of an apparent heart attack.

Funeral was at 2 p.m. Tuesday at Green Funeral Home in Cameron, the Rev. Alvis Coleman officiating. Burial was in the Minerva Cemetery near Rockdale.

Mrs. Riggs had been a lifelong resident of the Min-erva community until she moved to Rockdale six months ago. She was a Methodist.

Surviving are two sisters, Miss Sue Sanders and Miss Imogene Sanders, both of Rockdale; and several nieces and nephews.

Coulter

Mrs. Bettie Coulter, 89, of Cameron died Friday in a local nursing home after a long illness.

Funeral was at 2 p.m. Sunday at the Cameron Gos-pel Tabernacle, the Rev. H. M. Bowley officiating. Burial was in the Liberty Cemetery.

Mrs. Coulter was born in the Hanover Community.

Surviving are a son, R. A. Coulter of Dallas, and sev-eral nieces and nephews.

Palbearers were Edward Moraw, Tom Woods, George R. Robinson, George Ditto, Tommy Starr, James Starr, J. P. Hartley and Joe Rob-inson.

Marek -Burns -Laywell Funeral Home was in charge.

Glass

Mrs. Emma Glass, 89, of Huntsville and formerly of Travis, died Saturday in a Huntsville Hospital after a long illness.

Funeral was at 2 p.m. at the Hoelscher Chapel in Rosebud with Rev. A. E. Har-ison officiating. Burial was in the Phillips Cemetery in Travis.

Mrs. Glass was born in Austin and had lived in Rosebud most of her life.

Surviving are a son, Ray A. Glass of Temple; a daughter, Mrs. John Tate of Huntsville; a brother, Brooks Graul of Houston; four sisters, Mrs. Dee Jones of Fort Worth, Mrs. Georgia Edrington and Mrs. Mary Phitts, both of Houston and Mrs. H. H. Howard of Kerr-ville.

Spiritualist Church

Rev. Evelyn Muse will give all psychic demon-strations Wednesday, June 6 at 7:30 p.m. at the First Spirit-ualist Church, 802 S. Coll-lege, Cameron.

Refreshments will be served immediately follow-ing, and the public is invited.

Rev. Muse will also hold services Sunday, June 11 at 10:45 a.m. at the First Spiritualist Church.

Trinity Sets Bible School

Trinity Baptist Church will have Vacation Bible School each morning June 11-15 from 8:30 - 11:00 a.m.

All children and teenag-ers ages 3-16 are invited to Bible study and creative craft activities. Parents night will be Friday June 15 at 7 p.m.

Cheerleaders Can Train At Baylor

Junior and senior high school cheerleaders will learn how to cheer this sum-mer at a training camp July 22 through 27 at Baylor Uni-versity.

Sponsored by the Ameri-can Cheerleaders Associa-tion (ACA), the camp will implement both classroom work and performance drills in attempting to train cheer-leaders in new routines, for-mations, starts, jumps and endings.

Director of the camp is Bill Horan, ACA director and founder. Cost will be \$55 per person.

Patman Reviews Latest Legislative Session

Senator Bill Patman of Ganado today thanked the people of the 18th Senatorial District for their help during the recent regular session of the Texas Legislature.

Commenting on its work, Senator Patman said:

"While a true evaluation of the success of the session will depend upon a close analysis of many of the bills--and possibly some court interpretations--this last session attempted significant improvements in the fields of ethics legislation, lobby control, and many other areas of concern.

"Opportunities for college training in the Victoria area were much improved by increased appropriations

for the University of Houston Victoria Center, which will offer junior and senior students greater variety of courses, to be held in rented space at Victoria College.

"Appropriations for Texas agriculture will allow the continuation of the good work currently being carried out by the Texas State Department of Agriculture, the agricultural research and extension service activities of Texas A&M, and Soil and Water Conservation Districts. However, I think our investment in agriculture on the state level should be raised above the levels provided for during the next two years, because I know the returns are so great, and that any additional strengthening we can give to agriculture in Texas will result in great benefits to all Texans.

"The usual legislative logjam occurred toward the end of the session, and I think it was regrettable that some of the more important bills had to be hastily considered during the closing hours. One of the casualties was legislation to bring relief to the financial distress of many school districts.

"During the break between now and the convening of the Constitutional Convention in January, I will be traveling over the 13 counties of the 18th District, and hope to visit in every community. Groundwork is now being laid for our having a productive convention, and I look forward to hearing the ideas and suggestions of people throughout our area."

SEN. BILL PATMAN

Jones Prairie

By Mrs. Bill Thweatt

Mrs. Morris Weems has returned home after a visit with Mr. and Mrs. Jack Hinnimer of Alice.

Mr. and Mrs. Coy Shuffield, Mr. Carlton Shuffield, Mr. Luther Todd, Mrs. Eula Vaughan, Mrs. Willie Phipps, Mr. Milton Weems and Mrs. Bill Thweatt attended the Belmena home coming at the city park in Cameron Sunday.

Mr. and Mrs. Bob Schluter and daughter of Austin visited Mrs. Nona Miller Saturday.

Mr. and Mrs. Sonny Townsend and daughter of Waco visited Mrs. Willie Phipps

Maysfield

By Mrs. J. P. Wise

Mr. and Mrs. Roy Newton and Mrs. Mariema Massengale were in Austin Friday.

Those visiting the Thweatts this week end for graduation were La Nette Vrana and Danny Thweatt of Houston, Mr. and Mrs. Herbert Thweatt and Randy, Mr. and Mrs. Larry Thweatt and Lee and Mrs. Judson McKevey, Dwight and Darian of Austin.

Mr. and Mrs. Bob Newton and grandson of Austin visited his parents Mr. and Mrs. Roy Newton on Saturday.

We were happy to have Mr. and Mrs. John Sosnovy of Houston to worship in our church with us on Sunday.

Mrs. Rete Massengale and her grandson Al Baird of Freeport spent several days in Temple this week with her daughter.

Mr. and Mrs. Ralph White and daughter, Mrs. Mary White of Dallas, Mrs. Doris Gleason of Freeport and Kelley Gleason of St. Lewis all spent the week end in the White home.

Mrs. Hallie Massengale along with Mr. and Mrs. Bailey Jones, Mr. and Mrs. Richard Jones and children and Miss Louise Jamison are vacationing this week in Colorado.

Mrs. Lera Gray daughter and grandchildren of Partalis, New Mexico visited relatives in Maysfield Saturday afternoon. Mr. and Mrs. Ray Newton, Mr. and Mrs. Dock Thweatt, Mrs. Leota Thweatt, Mrs. Mariema Massengale, Mrs. Lelia Thweatt and Mr. Oscar Hightower was with them.

Mrs. Jessie Cooper visited Mrs. Dottie Weise a patient in the Marlin Hospital on Thursday.

Senkel Receives Degree From SHSU

Paul R. Senkel of Cameron received a Bachelor of Business Administration degree at spring commencement exercises at Sam Houston State University.

Also receiving degrees were Terry Lynn McNeill of Rogers, Bachelor of Business Administration degree.

By Mrs. Wanda Lee

Mrs. Lillie Harris accompanied by Mrs. Sarah Bowling attended the Mount Pleasant Baptist Church Homecoming last Sunday. Mrs. Harris's brother, Rev. J. Q. Jones was pastor of this church for a number of years.

Mrs. Bill Fall and Susan of Houston visited here over the weekend with Mr. and Mrs. F. B. Fisher. Mrs. Fisher came home from the hospital this past week and Mr. Johnny Donnan brought Mr. Fisher home from his visit in Houston.

Mr. and Mrs. Louie Lange spent last weekend in West Columbia with Mr. and Mrs. Mike Lange and Paula.

Mrs. Travis (Mary Nell) Neely, little Travis and Theresa of San Juan have been visiting here with the J. T. Todds and other relatives.

Mr. and Mrs. Tom Gahns of Houston spent the weekend here with Mr. and Mrs. Raymond Slay and Cheryl.

Mr. and Mrs. J. A. Young spent several days this past week in San Angelo visiting with his brother and sister-

in-law, Mr. and Mrs. Robert Young.

Mrs. Hollis (Mary Frances) Mathews had surgery in a Marlin Hospital this past week.

Mr. and Mrs. W. L. Ditto and Mr. and Mrs. George Bland attended a Spiritual Musical convention at the country church of Ephesus near Marquet last Sunday.

Mrs. Mary Bowling is home after visiting in Jackson, Mississippi with her children, Mr. and Mrs. Jack Bowling and sons. She also visited in De Ridder, Louisiana with Mrs. Laura Ward before returning home.

Plans are underway for Vacation Bible School at the Baptist Church the week of June 18 through 22. Revival services will begin at the church on June 20.

LOOK AT ALL THE
DISADVANTAGES OF
BUYING A 5 to 10 AC.
TRACT IN THE COUNTRY!

Ten minutes from downtown Cameron.

TOO MUCH PROPERTY for the money value will go up fast.

Have to build a HOME!

No CITY TAXES .. Ever.

No rent receipts.

Can't see in neighbors window.

Hubby will raise a garden. Might sleep in a hammock outside.

Kids will want to raise PRIZE animals.

Fresh country clean air will fill your lungs.

Will have to listen to barking squirrels and whistling birds.

Too many shade trees, have to cut a few.

Won't have the pleasure of hauling water from a tank in barrel on sled.

LOW ... LOW downpayment. Balance financed.

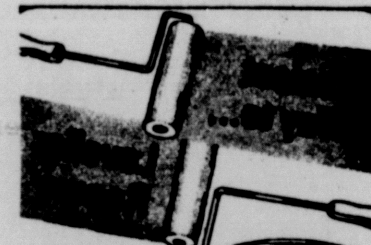

It might make your wife smile, if you can overcome this.

Sports Murray-Go-Round

By Tom Murray

Those folks gushing over how much quicker Lee Trevino reached a Million dollars in pro golf gold than Jack Nicklaus have short memories. When Big Jack turned professional, those pots were worth about one-third of today's payoffs. The night, on his 18th birthday, the Astros' Larry Dierker made his major league pitching debut against the

San Francisco Giants, his catcher briefed him, "One finger for fastball, two for the curve, three for the change..." The Precocious Dierker broke in, "But, what am I going to do with my slider?"

Dicky Maegle, who with his All-America Fullback Running Mate, Baytown's Kosse Johnson, gave Rice and Houston all those hair-raising gridiron thrills knee-deep into the Fifties, has burst into another of those opefields. He announced for Houston City Council, as a "Law-and-Order Candidate." Colorful quote recalled, Back there in 1969, when U-Tand Arkansas introduced artificial turf to SWC football, some Texas Tech players discussed what it would be like. Tech end players discussed what it would be like.

Bruce Dowdy, from Pasadena, said it would cause him no trouble since he had worked out in the Astrodome that summer. But Red Raider defensive end Richard Campbell had misgivings. "I" said the Matador native, "am accustomed to playing on gravel."

CLAPP'S DEATH A SHOCK: The Tragedy of death accomplished something last week, which some of the country's top offensive line-men could not, knocking over Howard Clapp, the 41-year old former University of Houston defensive end... A prominent automobile Dealer and former Mayor of his hometown, El Campo, the one-time Cougar Captain died of an unexpected heart attack. I can personally attest to the Tiger the Hand-

some Howard carried in his tand, having tangled with him often on the gridiron. God signed a Number One Draft Choice when Howard Clapp joined his Heavenly Team... Clapp was a Cougar Contemporary of Gene Shannon and J. D. Kemmel, Houston's first two All-America

Worst baseball trade in the last 10 years still has to be Houston's swap with Cincy last spring. Yes, Lee May and Second-baseman Tommy Helms are helping the current Astros. But, Spec Richardson got skinned because he traded 'em Joe Morgan, the best hitting second-baseman in the majors; Denis Menke, the Reds starting third-baseman and still a good hitter; Cesar Geronimo, the guy with that great arm and solid swing who patrols the Cincinnati outfield on a regular basis; And, Jack Billingham, the most prolific winning pitcher in the National League. Spec did not need a second-baseman. He already had the best. So, in effect, he traded four starters to get Lee May.

As it turned out, he didn't need Lee, either. Immediately after acquiring May, Richardson unloaded 21-year old Bonus Baby First-baseman John Mayberry, sending him to Kansas City for Reliever Jim York. And, now they are calling Mayberry the sweetest Swinger at first base since Johnny Mize. And, he's 10 years younger than Lee May. Oh, well!

BRUSHING UP TECHNIQUE for a tractor pull set for June 9 at Ledbetter Park are from left, Carl Grothe, president of Young Farmers; Doug Brown, Steve Beatt-

ies and Robert Lehmann on the tractor, in front is Ty Grothe. The contest is open to tractors of from 40 hp to 150 hp.

License Fees Raised

AUSTIN
In ceremonies held at the State Capitol May 23, Governor Dolph Briscoe signed legislation which raised fees charged for both hunting and fishing licenses.

Major charges which will affect most Texas sportsmen are increases in the resident hunting license charges from the previous \$3.25 to \$5, 25 and the fishing fees from \$2.15 to \$4.25.

Something new for this year, a combination resident hunting and fishing license for \$8.75, was also approved by the Texas Legislature.

Resident hunting licenses are required of every Texan who hunts outside the county of his residence or who hunts deer or turkey. Exceptions are persons under 17 or over 65 years of age and individuals hunting any species of game except deer or turkey on land where they reside. An exempt license is necessary to hunt deer and turkey because of required tags.

Exempt licenses are 25 cents. A \$4.25 fishing license is required of everyone fishing in public waters with the following exceptions: those under 17 or over 65, persons fishing in private waters, anglers using trotlines, throw lines or pole and line with no reel or winding device in the county of their residence and individuals holding a valid Texas commercial fishing license.

In addition to the regular licenses, the Legislature approved a special three-day resident or non-resident saltwater fishing license for \$1.25. No license is required of groups of 25 or more tourists who do their saltwater fishing as a group.

Tractor Pull Set At Ledbetter Park

The Milam County Young Farmers are sponsoring a tractor pull on June 9, at 7 p.m. at Wilson Ledbetter Park rodeo arena.

Entry fee will be \$10 per class. Entries will close June 9.

First place winner will receive \$50 plus a trophy per class; second place will win \$25 plus trophy per class; and third place will win a trophy per class.

For information about the tractor pull call 697-3212 or 697-3396.

Parks and Wildlife Department Executive Director Clayton T. Garrison hails the new license fees as a boon to all Texas outdoorsmen.

"Good conservation management costs money," said Garrison. "The monies realized from the increases will enable the Parks and Wildlife Department to expand its level of services

offered to the state's hunters and fishermen."

In addition to increases in resident hunting and fishing licenses, the Texas Legislature also approved:

--A raise in the non-resident hunting license from \$25 to \$37.50.

--non-resident five-day migratory game bird license raised from \$5 to \$10.25.

Baker Favorite For Alamo 500

When qualifying trials begin for next Sunday's Alamo 500 at super-fast Texas

**DOLLARS &
GOOD SENSE**
by WILLIAM J. MARTIN
Special Consultant to
Auto Financial Services

Dear Mr. Martin:

I want to start an investment program and am curious about the different kinds of mutual funds. Can you help me out?

Mutual funds are a very popular subject, one I wanted to review with readers anyway. A recent survey of the industry indicates that fund performance over the past year as well as over the past years has been pretty spotty. Some funds have been doing quite well while others have been lagging far behind the general market averages.

So the first thing to keep in mind about mutual funds is that while they do reduce your risk, they certainly don't eliminate it. With their great diversification and professional management, they do increase the opportunities for profit, but it takes a little homework and some shopping around to find the right fund for you.

All mutual funds should be thought of as long term investments, to be held over a period of several years. Likewise when studying past fund performance, go back 10 years to see how consistent they've been.

This is the type of investment that allows smaller investors to participate in the stock market indirectly by buying shares in a joint venture which uses the pool funds to make purchases.

World Speedway, Buddy Baker definitely will be one of the favorites to win the coveted pole position.

Driving the Harry Heyde prepared K & K Insurance Dodge this season, Baker has captured the inside front row starting position at Daytona, Talladega, and Charlotte, where he recently won his third World 600.

The NASCAR superstar holds the present qualifying record for stock cars at Texas World Speedway with an average speed for one lap during qualifying trials for the inaugural Texas 500 before NASCAR imposed carburetor restrictions on the cars as a safety feature.

Baker returns to the 2 mile, high-banked Texas World Speedway track looking for a second consecutive win. He beat A. J. Foyt to the wire in last November's Texas 500 by less than a fender length after losing the qualifying bout to Foyt two days earlier.

Other drivers entered in the Alamo 500 who are expected to challenge Baker for the front row starting spot are Richard Petty, Bobby Allison, Cale Yarborough, Bobby Isaac and A. J. Foyt. The first twenty starting positions are scheduled to be determined during the first qualifying session on Friday.

The remaining twenty spots will be filled on Saturday.

Sunday's rich classic gets underway at 1:30 p.m.

Legal Notice
NOTICE OF BOARD OF EQUALIZATION MEETING
In obedience to an order of the Board of Equalization regularly convened, notice is hereby given that said Board of Equalization will be in session at the school in the city of Buckholts, Milam County, Texas at 2:00 P.M. beginning on the 13th day of June 1973, and from day to day thereafter, (starting at 2:00 P.M. each day), for the purpose of determining, fixing, and equalizing the value of any and all taxable property situated in the Buckholts Rural High School District, until such values have finally been determined for taxable purposes for the year 1973, and any and all persons interested, or having business with said Board, are here notified to be present.
Done by order of the Board of Equalization of Buckholts Rural High School District, Milam County, Texas, at Buckholts, Texas this 28th day of May, A. D. 1973.
Edwin F. Fischer
Secretary B.O.E.
Buckholts Rural High School District 23-3tc

Motorcycles have a way of disappearing.

With nearly seven million of them on the road, motorcycles are very big these days. They're also small. And hard to see.
A motorcycle coming up behind you can disappear from your rear-view mirror even before you know he's there. He can be completely out of sight for dangerous seconds. Hidden in a blind spot on your left or right.
In a large percentage of accidents involving cars and motorcycles, the automobile driver says: "I just didn't see him."
A rear-view mirror can't do everything for you. Your new car dealer reminds you that a good defensive driver always gets the full picture before changing lanes, turning corners, making any move. To help fill in the blanks, glance in your side mirror. (If you don't have one, get one.) To complete the picture, glance quickly over your shoulder. Then signal your move. So the guy behind you will get the full picture, too.

BREAKFAST, ANYONE?

Breakfast is one of the most important meals of the day...and one of the most neglected. It is often scanty or hurried, and sometimes it is skipped entirely.

Food starts to work for you early in the day when you have a good breakfast. It is a researched fact that people who eat a good breakfast are more alert and productive in the morning...and more resistant to fatigue throughout the day...than those who skip breakfast.

After the night of fasting, our bodies need to be replenished with food for energy-protein, minerals, vitamins--to keep them working efficiently.

With today's convenience products, breakfast can be prepared in a matter of minutes. It does not need to be dull and routine, but should provide one fourth of the daily calorie needs and one third of the protein. It should contain at least one serving from each of the basic food groups. Try our inexpensive new breakfast menu and be ready for the day.

MENU Orange Juice Western Omelet* Milk
Coffee Hot Biscuits & Butter Strawberry Jam

WESTERN OMELET

Combine in a skillet and cook over medium heat until crisp and tender, ¼ cup chopped Green Pepper, ½ cup chopped Onion, ¼ cup Good Value Margarine, 6 ounces Ham or canned Luncheon Meat cut in thin strips, 1 cup Good Value Hash Brown Potatoes, and ¼ Tsp. Salt. Combine and pour over ham and vegetables, 6 TV Eggs, well beaten, ½ Tsp. Salt, dash Tabasco Sauce, if desired. Bake in oven at 350 degrees until the eggs are set, about 10 minutes. Serves six.
